

**Ahead of Schedule & Over Goal:
Building on a Legacy of Excellence Campaign
is a Huge Success!**

Thanks to unprecedented support from individuals, corporations, and foundations, the *Building on a Legacy of Excellence* Campaign finished ahead of schedule, over its \$5 million goal, and met the \$300,000 Kresge Challenge grant!

The success of the campaign has allowed for urgently needed upgrades, expansions, and consolidation of facilities for vulnerable children. Former residential spaces have been replaced by more modern classes and group rooms, immersing children and adolescents in an environment designed to meet their specific needs and challenges and help them thrive.

We extend our deep appreciation to all who helped support and advance the *Building on a Legacy of Excellence* Campaign. Together, we're transforming the lives of thousands of vulnerable children... today and for years to come.
